

Strengthen Your Business With Powerful Fraud Detection

Positive PAY

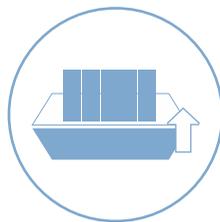

Seamless Integration

Configured to meet your bank's Positive Pay specifications.

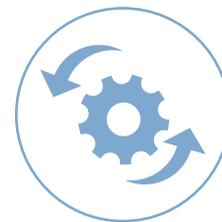

Secure Your Assets

Reduce your company's risk of fraudulent activity. Conveniently generate and process your Positive Pay Files anytime.

Batch Uploads

Save time on manual entries. A Positive Pay batch is automatically generated upon the final release of all check-runs processed in Acumatica.

Simplify Your Process

No need to worry about forgetting to submit a pay file, Positive Pay keeps a complete history of all payment batches and allows you to regenerate files at any moment.
